

VOLUNTARY WORKFORCE COALITION · 2026 MATCHMAKER

Bridge to Work — Resource Folder

Start here. One page. Everything you need to plug in.

Bridge to Work is a voluntary coalition of Utah industry, education, military, and public-sector partners convening around a single direct-hire and direct-enroll matchmaker event in 2026. This folder contains the latest program documents. The page you're holding is your one-page entry: official site, intake form, contacts.

How to use this folder

Start with the Advisory and Vendor packets — they're the most current. Other documents (Charter, Criteria, Outreach Plan) provide deeper context as needed.

ONE-LINE FRAME

Bridge to Work is a matchmaker — not a career fair, not a new agency, not a fundraising vehicle. Every participant brings near-term opportunity, or doesn't participate.
